How to download and set up SALTO app

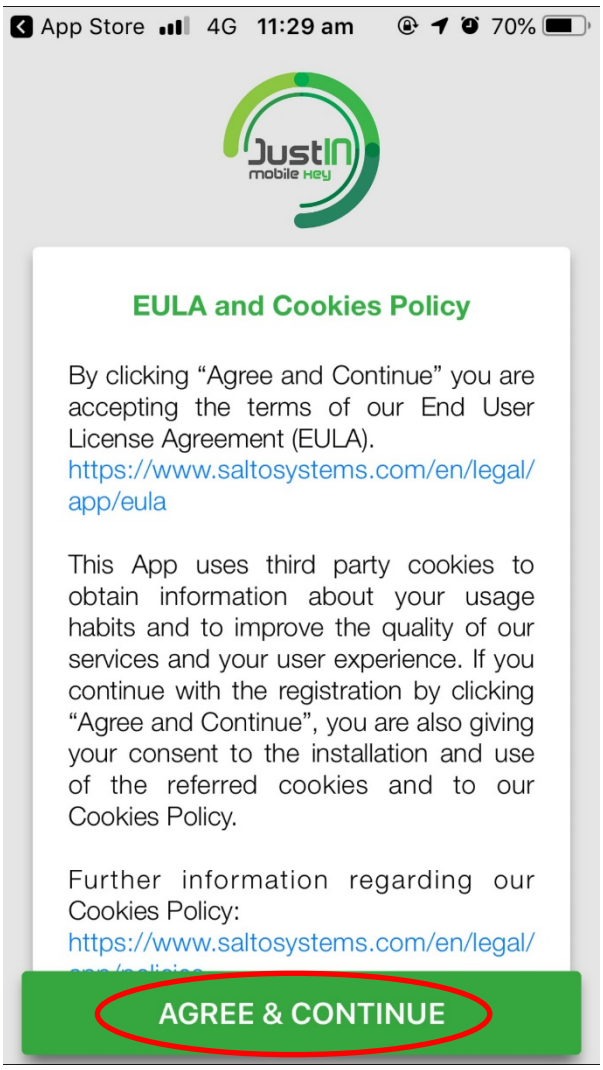

1. In the app store (both Apple and Android), search for ‘JustIN’ and that will bring up the SALTO JustIN Mobile app. Download the app.

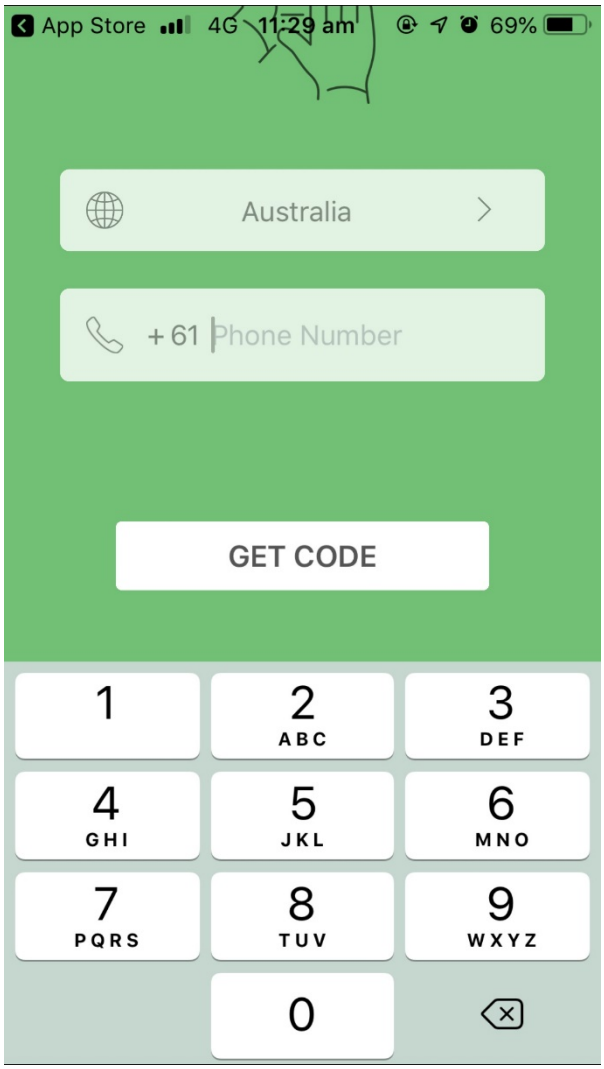

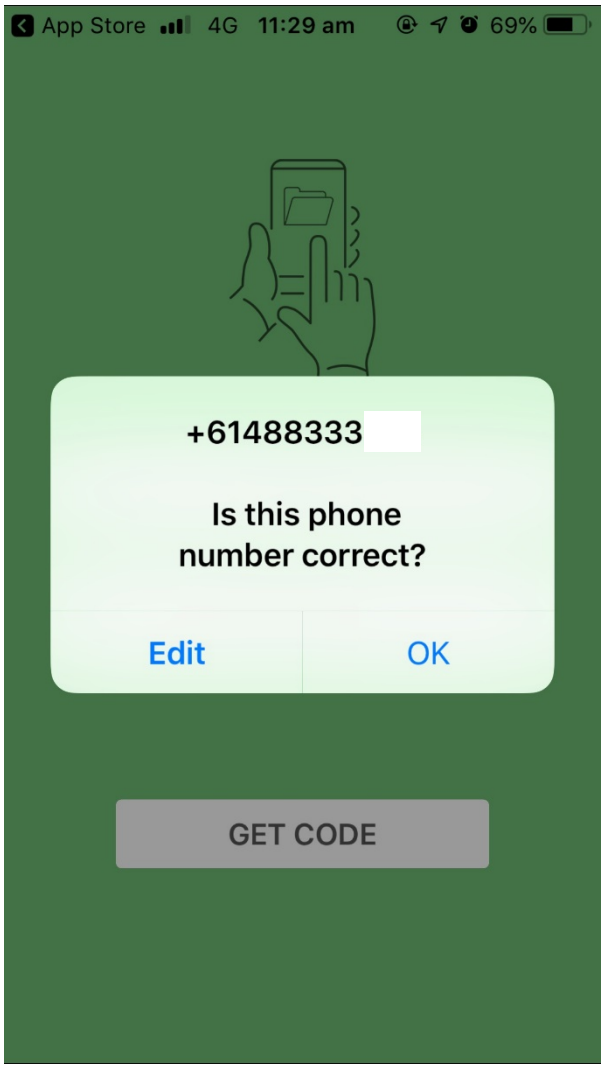

2. Once the app is downloaded, open it and allow for notifications. This means you will be notified once the key has been assigned. Agree & Continue to set up the rest of the app

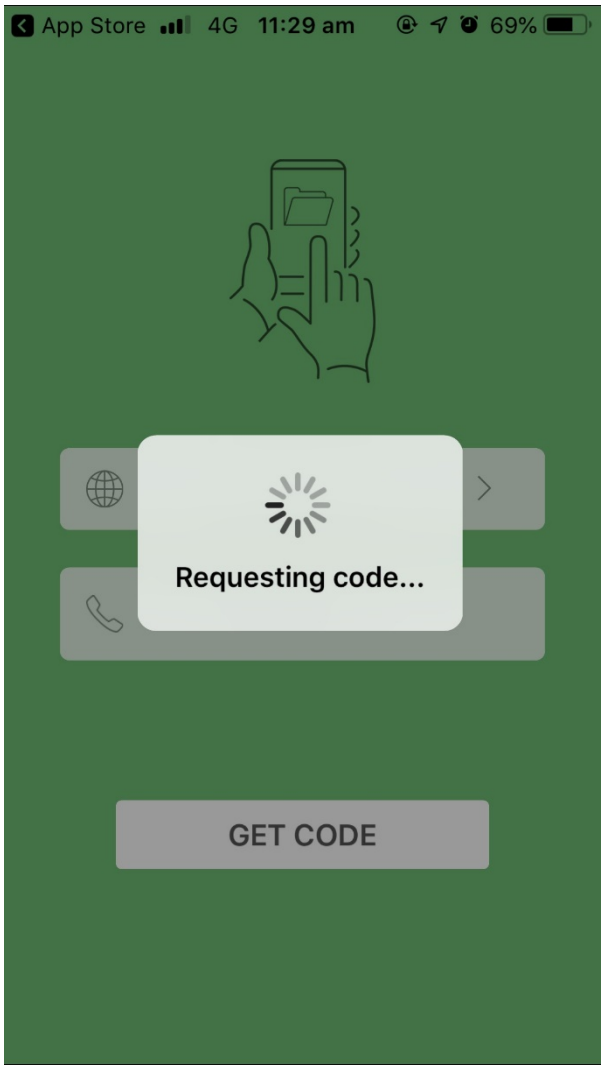

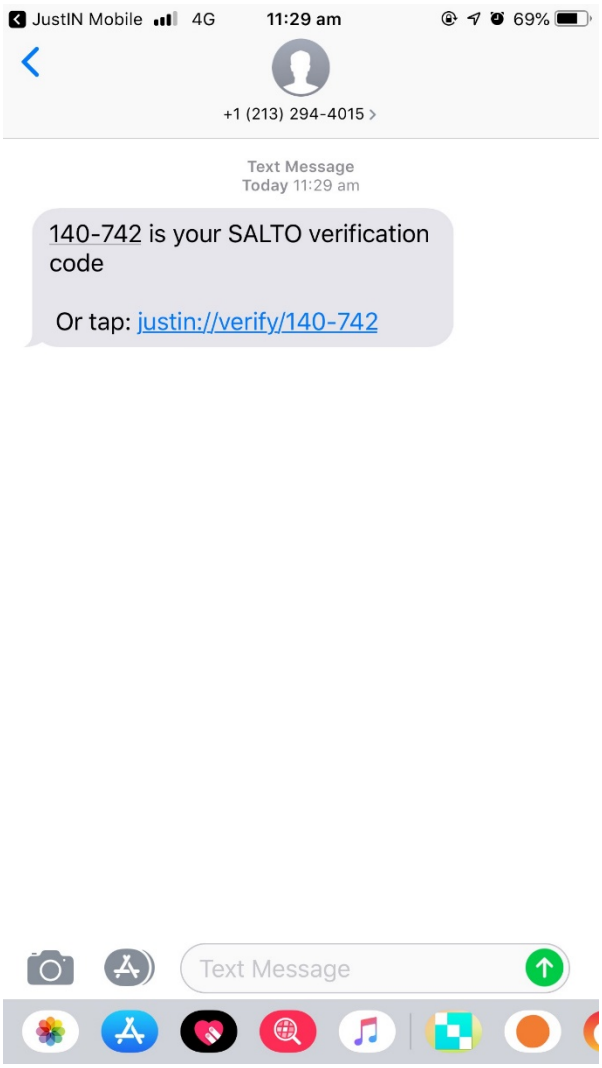

3. Enter and confirm your phone number to receive a verification code

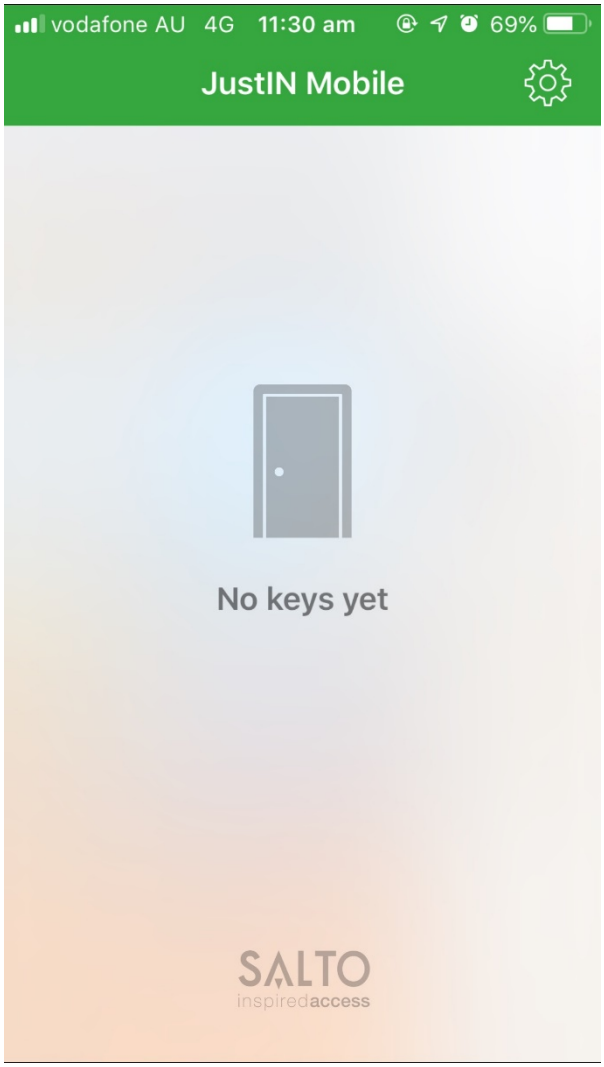

4. A code will then be sent as a text, enter this number into the prompted area

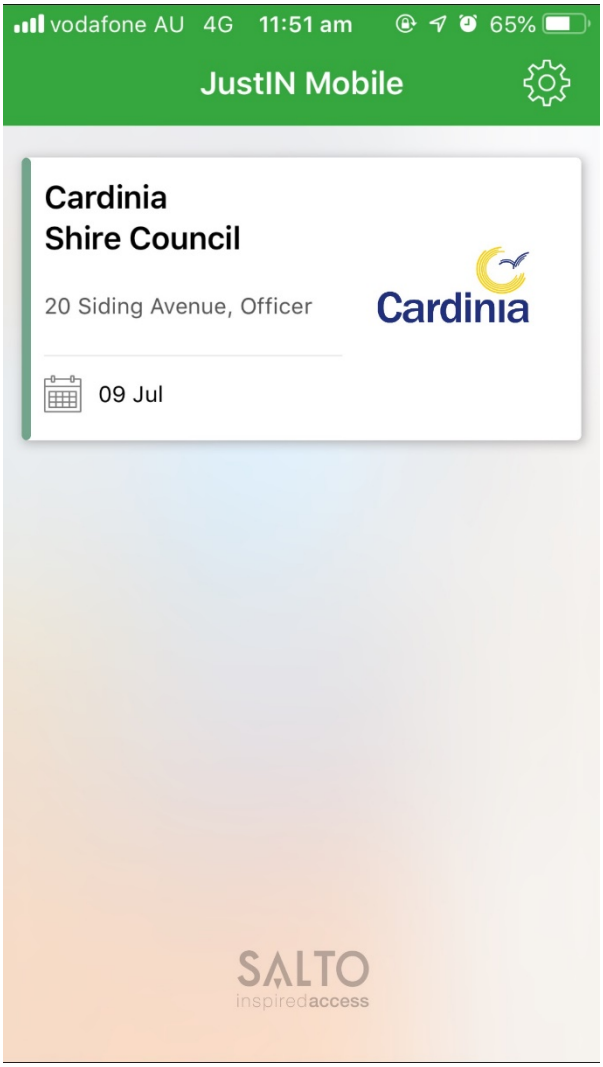

5. Once the app has been downloaded and set up, the Cardinia Shire Council Buildings & Facilities team needs to be notified so that the door access ‘key’ can be sent through to the app.

6. Once the door access has been sent through, refresh the app and the ‘key’ will load in

7. If your Bluetooth if turned off, the app will prompt you to turn it on. Once all this is done you can tap on the CSC ‘key’ to use it.
