

SALTO Hot Spots

A list of Cardinia Shire Council facilities with SALTO hot spots

September 2020

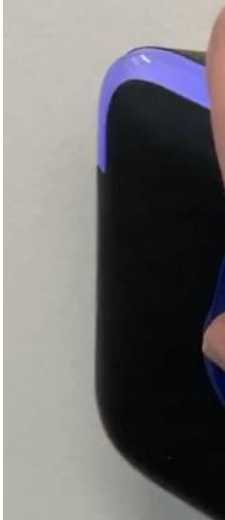

How to update a SALTO fob

We have selected SALTO buildings online, which means anyone who has one of Councils SALTO fobs can update on a 'hot spot' at any building that is online. You can swipe on any of the hot spots but it will not give you access to the building (unless you already have the access).

You can only make wall readers (pictured below) hot spots:

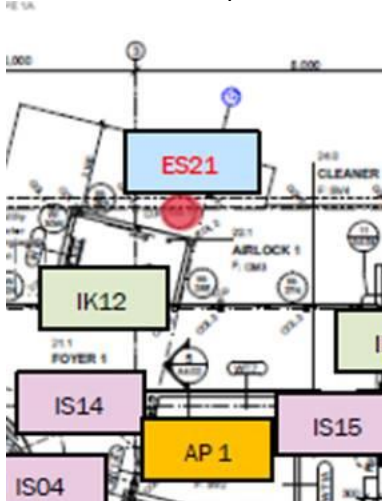

When the light on the reader flashes blue it means it is updating the fob:

When the fob has been updated, it will update any changes in credentials made to the online system and also transfer the audit trail information for that particular person. It will also update the 'update' date of the fob.

Floor plans have been developed for SALTO facilities with each door having a unique door number. Door numbers in a **red font** on these plans are 'hot spots':

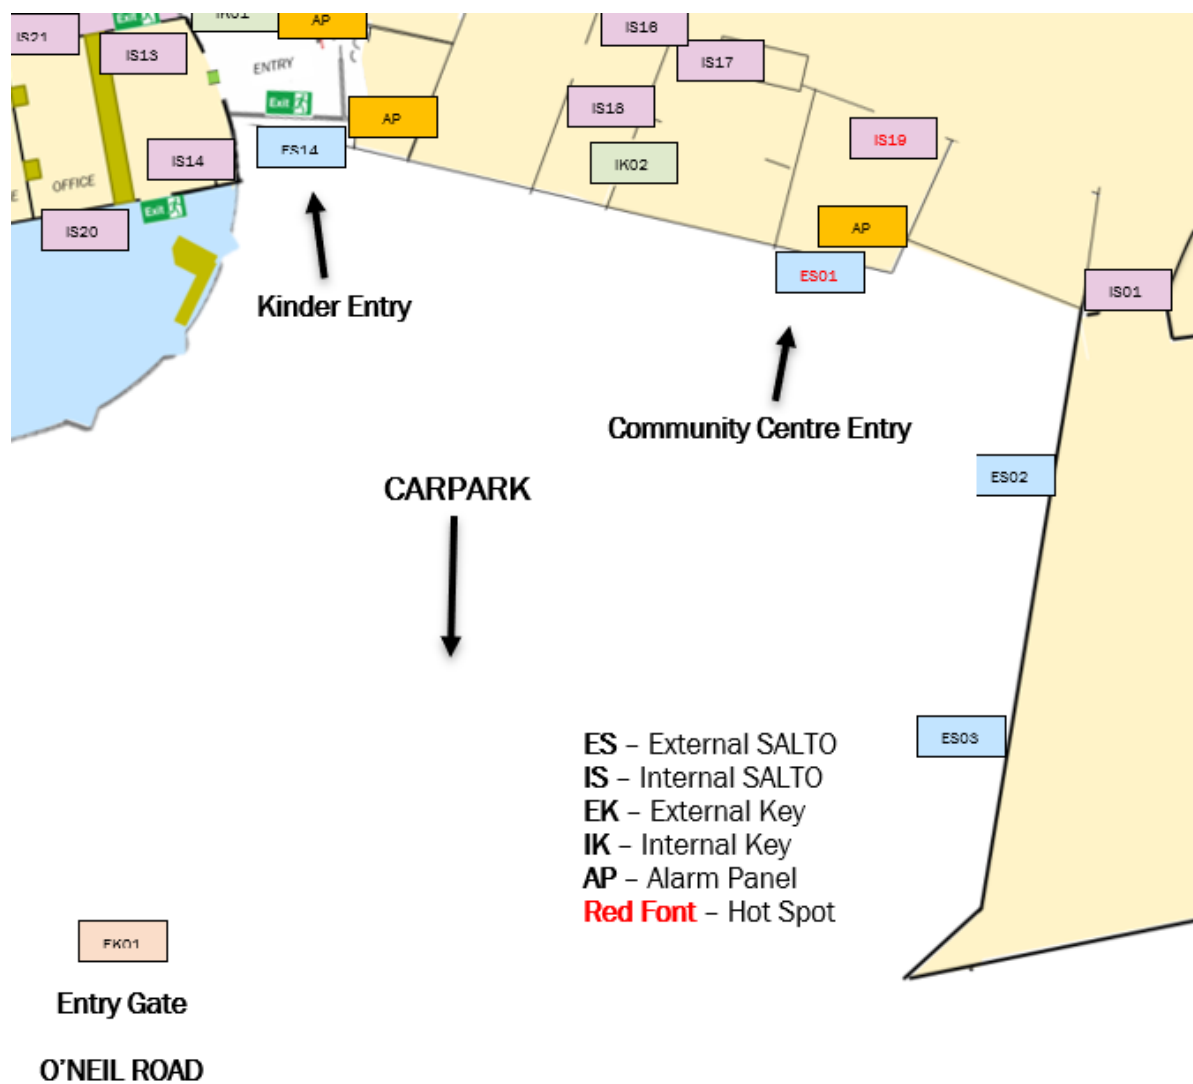

List of SALTO buildings with accessible hot spots
