

Community Vision 2040

We acknowledge that we are on the traditional land of the Bunurong and Wurundjeri people.

We understand, value and incorporate these contributions, past and present. We empower everyone to have a voice. We speak with the optimism and insight of our people, the energy of our community members and the wisdom of all those that came before us.

We support all people of Cardinia so that they are strong, resilient, safe, socially connected and physically and mentally well. We do this by strengthening community cohesion through engagement and advocacy.

We care for our country. We take preventative and mitigative actions on climate change in our community, environment, and the planet in everything we do.

We are sustainable in the way we live, we work close to home, we grow food and we make valuable contributions to the nation. We protect our community, farms, industries, landscapes and biodiversity to ensure they are resilient.

We provide fit for purpose infrastructure and services that cater for the growth of the community. Growth will be managed prudently and sustainably so that it enables our progress towards community priorities.

Through advocacy and community engagement, the infrastructure, local community and healthcare services are in place to meet our needs.
